Goal

To exercise my web design and development skills and expand my knowledge of the internet.

Computer Skills

- » Very fluent in Adobe programs and MS Office.
- » Master of XHTML/CSS. Advanced Flash skills.
- » Intermediate PHP skills. Very good with WordPress.
- » Extremely familiar with Windows and Mac OS and can function very efficiently on any PC/Mac
- » Adept at learning any publishing program, including word processor, spreadsheet and database
- » Proficient with photocopiers, scanners, printers, faxmachines.
- » Knowledgeable on many different topics dealing with computers and the internet.

Education

- » 2006: Graduated Graphic Design among the top of the class at St. Lawrence College.
- » 2000: Completed second year at Queen's University, majoring in Computer Science.
- » 1998: Graduated OAC at Regiopolis Notre-Dame Secondary School. Received OAC in the French Extended program. Excelled in several facets of the curriculum such as computer science, mathematics, and physics.

Experience

- » May 2009 - current: Web Director for Spafax Interactive - Oversee all web activity from a strategic perspective. Lead the company on the digital front.
- » November 2006 - April 2009: Web Design & Development Supervisor at Spafax Canada Inc. (November 2006 - September 2008: Project Coordinator of e-Media) - Manage web team and design, implement and maintain websites and e-Zines for all international accounts.
- » March 2006 - October 2006: Design Intern at enRoute Magazine in Montreal under Art Director Erik Mohr.
- » June - September 2003: Worked at Staples as a salesperson.
- » July - August 2000: Worked at the Ministry of Defense as a computer programmer for Dr. R. Shoucri, professor of mathematics at R.M.C. Implemented an interactive cardiac image system using Java.
- » Summer 1999: Research clerk for the Ontario Ministry of Health. Duties included data processing, creating profiles and referrals on fraudulent doctors, processing requests made by the College of Medical Surgeons of Canada, and handling confidential documents for use by medical consultants.
- » Summer 1999: Designed and implemented a site for Professor Jose Lam of KTEC (the Kingston Technology Exchange Center)
- » March 1999: Designed and implemented web site for Diana Theman of Consulting Matrix (consultingmatrix.com).
- » August 1997 - September 1998: Worked at McDonald's Restaurant at CFB Kingston.

Personal Characteristics and Accomplishments

- » Been all around the world. Travels include Australia, China, Dominican Republic, Egypt, Hong Kong, Italy (twice), Japan, Morocco, Philippines (every three years; where most of my family is), Portugal, Spain, Thailand, U.S.A.
- » Dependable, reliable and an excellent team member.
- » Very artistic and creative. Can produce a communicable drawing of anything on cue.
- » Functions well under pressure.
- » Adept at learning new things quickly and utilizing new skills.
- » Proficient at speaking, reading and writing French.
- » Articulate.

Hobbies
